

Hello CSI class of 2020!

As most of you know the senior video is a tradition at CSI for the graduating class to make for the ceremony. This year is a little different because we are unable to shoot the normal action-packed video, due to the virus. So I have prepared a script instead, in which each of you will say a line or a few words. Once it is edited, the video will be the full script with each of you saying your part. You can shoot your video on your phone and submit it to the link on Mr. Feldkamp's website. Please make sure you shoot it horizontally, announce, and use good lighting, to make it easier to edit. Your part needs to be submitted by Friday, May 8th. If you have questions; text me at 586.747.4293.

Thank you,
Jackie Seyfarth
