ALL SENIORS -- Proposal for Research - TBD

MM - Capstone Progress Check - Wednesday, February 12th

ALL SENIORS -- Research Paper DUE - April-ish

Art Show work due (Some from capstone) - March 3rd

Fifty Percent Done Check - Friday, March 13th

MM -- Completed Portfolio DUE - Monday, May 6th

ALL SENIORS -- Video Presentation Uploaded - Friday, May 10th

ALL SENIORS -- Video Reviewed by Industry Contact Wednesday, May 22nd

Multimedia II

4 Pathways:

Film/2D Animation - Write, produce, shoot and edit two high quality films with strong appeal to an all-ages general or specific audience. Genres include narrative, documentary, informational, and experimental. Can also be an episodic series.

3D Imagery or Animation - Use Cinema 4D with other software to create still or animated work in 3D. Still imagery would include using Photoshop and Illustrator, animated work would include After Effects and Premiere.

Graphic Design/Illustration - Based on a specific theme, choose a concentration subject and create a series of illustrations mixed with graphic design layouts to create a printed book of work with text to provide background information on the images.

Photography/Digital Imagery - Based on a specific theme, choose a concentration subject and create a series of photographic images. These must include use of combining multiple images into one photograph using selection tools and Cinema 4D elements. Final works will be put into graphic design layouts to create a printed book of work with text to provide background information on the images.

Senior Yearbook (Team of 2)

Senior Video (Team of 2)

Capstone PORTFOLIO - All portfolios must be put together into an InDesign book to be printed or as an ePub. Film, Animation and Sound will have to be an ePub due to the visual and auditory nature of it.
